Description

Each piece of our Le Forge Steel furniture is hand forged by skilled craftsmen at our own factory using traditional techniques and superior materials. There isn't any machinery used in the process and any slight difference in the final hand finishing is due to the hand forged process which we consider to be merits in workmanship.

We provide rubber feet to protect your floors and of course it will have the "Le Forge" badge on the back so you know it's a quality piece that will last.
